## !!! School Safety Notices !!!

### Please read

Many of our children when asked, tell us the telephone number for the emergency services is 911. Please help us reiterate that in the UK, the number they should dial in the event of an emergency is 999. Thank-you.

Please be aware that we do not offer before-school playground supervision. We ask that children **coming onto the playground before school are supervised by parents**. There should be NO ball games played at this time.

No child should be waiting outside before 8.30am, and from this time, should be supervised by parents. If child care is needed, please see the staff at Scallywags.

Doors open at 8.50am and children may go to their classrooms at this time.
